FRENCHY CANNOLI WILL BRING THE LOST ART WORKSHOP AT 4.20 HEMP FEST 2019

FOR THE FIRST TIME IN ITALY AND DIRECTLY FROM THE USA, ON THE 3rd OF MAY, FRENCHY CANNOLI WILL PRESENT A WORKSHOP ENTITLED "THE LOST ART" AT THE 4.20 HEMP FEST

The primary goal of Frenchy Cannoli's work is to promote appreciation of traditional processes. Come spend a day with Frenchy to learn the ancient art of sieving using the inexpensive mini-washer that can be purchased online for less than \$70. Frenchy will share the **ice-water** sieving method he has adapted and perfected. Frenchy provides a live demo with in-depth commentary on all aspects of the actual process.

In this special workshop, we will be using hemp biomass to demonstrate how to efficiently and economically remove the trichome heads, gather the resin, dry it, press it with a source of heat to decarb and store it.

Workshop Agenda:

- 11.00 am: accreditation ticket office open and possibility to visit the trade show
- 12:30 pm: Doors open. Enjoy some light refreshments
- 13:00 pm: Introduction to Ice Water Sieving & a photo lecture on the Science Behind
- 15:00: Live Demo (Washing)
- 16:30: Afternoon refreshment break
- 17:00: Continued Live Demo Afternoon (Drying, Pressing, Storing)
- 19:00: Closing Lecture/Demonstration
- 20:00: Wrap-up: Debrief with Frenchy

ID with birthdate will be validated at the door

Please note: the workshop will be conducted in English
